**NEXT STEP 2013**

**YEAR 12 DESTINATIONS**

Capricornia School of Distance Education

**Introduction**

This report documents a summary of results of the annual *Next Step* survey for Capricornia School of Distance Education. The *Next Step* survey, undertaken by the Queensland Government, targets all students who completed Year 12 and gained a Senior Statement in 2012, whether they attended a government, Catholic or independent school, or a TAFE secondary college. The Government Statistician conducted the survey between March and June 2013, approximately six months after the young people left school. Responses were collected via computer-assisted telephone interviewing and an online survey.

Statewide and regional reports from the *Next Step* survey will be available on the *Next Step* website in September 2013 at [www.education.qld.gov.au/nextstep](http://www.education.qld.gov.au/nextstep).

**Response rate for Capricornia School of Distance Education**

Table 1 below reports the response rate for Capricornia School of Distance Education. It expresses the number of respondents from this school, as a percentage of all Year 12 completers who attended Capricornia School of Distance Education in 2012. It has not been possible to ascertain how representative these responses are of all Year 12 completers from this school.

**Definitions of main destinations**

The pathways of Year 12 completers were categorised into ten main destinations. Year 12 completers who were both studying and working were reported as studying for their main destination. A table defining these categories can be found in the statewide report at [www.education.qld.gov.au/nextstep](http://www.education.qld.gov.au/nextstep).

**Summary of findings**

In 2013, three young people who completed Year 12 at Capricornia School of Distance Education in 2012 continued in some recognised form of education and training in the year after they left school.

The most common study destination was VET Certificate IV+ (two respondents). The combined VET study destinations accounted for three respondents, including two in campus-based VET programs.

One Year 12 completer commenced employment-based training, as a trainee.

There were no respondents from this school who deferred a tertiary offer in 2013.

Six respondents did not enter post-school education or training, and were either employed (four) or seeking work (two).
