

# MIS- Office 365- Apps- Microsoft Office 365 for Apple Mac personal devices

## Issue:

• How can I download and install Microsoft Office 365 on my Mac computer?

# Resolution:

All teaching staff & all students can now download Microsoft Office 365 to their personal home computers and mobile devices for free. The below installation method is only to be used on personal devices which do not have the MOE build (school version of Mac OS) installed.

#### Things to note

- 1. If you currently have version 2011 installed, you can update to Microsoft Office 365 by following the same process.
- 2. The instructions below are shown for a School user with a @eq.edu.au email address.
- 3. You will require to have an Apple ID in order to download Office applications from the Mac App Store. Information about creating an Apple ID can be found <u>here</u>.

## Download, update to and install Office 365 on a Mac

1. **Open** the Mac App Store and search for Office 365. **Click** on the product you wish to download.

2. Once it has finished downloading, click on **Open**.
